## **WILKES-BARRE INSTALLATION PROJECT SET TO BEGIN, DELAYS EXPECTED**

WILKES-BARRE – The Pennsylvania American Water Company, in conjunction with the City of Wilkes-Barre, will begin upgrading the existing water mains and services in the following streets:

- East Bennett Street, from North Main Street to Pennsylvania Avenue
- South Welles Street, from Northampton to Hill Street

Residents and motorists should expect street closings and traffic delays as a result of the work, and are encouraged to avoid these areas by finding alternate routes. The installation project is expected to take approximately two months; and the streets will be re-paved in the spring of 2010 after the work is complete. The City of Wilkes-Barre would like to thank those who frequent these areas for their cooperation during this extensive installation project.
